## APPENDIX I.

[Vide answer to question No. 1722 asked by Sriman Biswanath Das Mahasayo at the meeting of the Legislative Council held on the 14th March 1929, page 92 supra.]

### *Oriya-speaking Tracts—Amalgamation.*

The area of the Ganjam district (excluding the Agency) is about 4,836 square miles. The area of the Ganjam Agency is about 3,583 square miles. In the district and Agency combined there are 106 permanently settled estates (zamindaris) covering an area of 5,430 square miles (approximately); inam lands (lands held on various tenures of a favourable nature) cover 423 square miles. In the district (outside the Agency) there are 1,784 square miles of land held on ryotwari tenure (i.e., not permanently settled estates). Some parts of the Agency are held by muttadars (the area is not known); most of these muttas are held on 'service tenure' subject to the payment of a quit-rent. The muttadar is allowed to collect from the occupiers of land rents which are fixed by the Agent to the Governor (who is also the Collector of the district). The muttas can be resumed for default or if the line of muttadars becomes extinct.

Most of the land in the Agency is held by the Khonds at present free of assessment.

The population of the areas in question according to the census of 1921 is as follows:—
